

# Federazione Nippon Kempo Italia

## 日本拳法イタリア連盟

### ■Outline

Fe.N.K.I was built on July 2011 by AINK'S (Associazione Nippon Kempo Italia) Masters and black belts, who have been practicing Nippon Kempo for almost thirty years.

Our Federation has 10 gyms with more than 200 athletes among his members, of which 50 are black belts.

9 gyms are located in the northern of Italy, near Milan and Varese and 1 in Rome.

### ■Philosophy and methods

Our Gyms' philosophy and methods are based on the seven Buscudo's guiding principles.

Thanks to excellent and qualified masters and instructors, Fe.N.K.I Gyms offer competence and experience in fighting techniques consolidated over the years.

This has been proved by the many successes achieved by the athletes, who attended the European and international competitions.

The serene working atmosphere and the mutual trust between student and instructor promote friendly relations between the members of the group, who join their efforts to achieve common goals.

Anyone can attend a Nippon Kempo course, whatever age or physical condition, as all the athletes are followed in their process of growth, enabling them to strengthen their own abilities.

The students are mainly called for goodwill and wish to learn, essential prerogatives for a proper learning.

# Federazione Italiana Nippon Kempo

## イタリア日本拳法連盟

### ■Outline

The Italian federation of Nippon Kempo continues the glorious tradition of A.I.N.K., The Italian association of Nippon Kempo, Founded in Italy during the sixties.

In 2011, under the guide of Master Franco Gnocchi, A.I.N.K. become F.I.N.K..

Today, as always, the federation pursues the most traditional spirit and values of the Nippon Kempo.

### ■Philosophy and methods

F.I.N.K. proposes the development of values as gratitude and respect for others, from kids to adults, male and female, developing physical, mind and spiritual strength.

Kata is the expression of capability, good technique and knowledge of the Nippon Kempo bases.

Kumite is the expression of strength, ability and control of the body.

The belt's color, reached through examinations, is the recognition of the technique knowledge, the ability in doing kata and an award for the perseverance in training.
